### DETAILED ACTION

The examiner has considered applicants' amendments filed December 27, 2004 along with declarations under Rule 131 and Rule 132. Said amendments were sufficient to obviate the rejections of record, therefore, claims 1-44 are now allowed, since the closest prior art of record fails to teach or fairly suggest the compounds now claimed, and the method of using said compounds is unobvious in view of the closest prior art of record. Applicants' amendments have, however, necessitated the following new rejections.

#### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 45 is rejected under 35 U.S.C. 102(b) as being anticipated by Goodsall et al (US 6,113,965).

The compounds theaflavin, theaflavin-3-gallate, theaflavin-3,3'-gallate and theaflavin-3'-gallate, disclosed in figure 2, anticipate the instant claim.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

Art Unit: 1621

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
